Our Black Angus steers are raised on grass in our pastures here at The Farmstead at Oregon Dairy in Lititz, PA.

As the steers are nearing their finished weight, we supplement the grass with grain from our farm. Oregon Dairy's Angus Beef is processed locally at a USDA, State Inspected Facility and comes in frozen, USDA labeled, and individually vacuum sealed. It is sold exclusively at Oregon Dairy and is available in individual frozen packs or by an 1/8 Bundle.

For more information about our Angus Beef, please visit our Meat Dept.
